

Guidance for the International Travel of Companion Animals
from Connecticut, Delaware, District of Columbia, Maine, Maryland, Massachusetts, New Hampshire, New Jersey, New York, North Carolina, Pennsylvania, Rhode Island, Vermont, Virginia and West Virginia

This information does NOT apply to offices in any other states

Please visit our website to obtain detailed information on international export regulations for companion animals, including requirements for bringing your companion animal back into the US:

<https://www.aphis.usda.gov/aphis/pettravel>

If endorsement of your pet's health certificate by USDA APHIS Veterinary Services is required by the importing country, submit the health certificate to the office serving your state. Certificates should be mailed (overnight express courier is recommended) or, alternatively, presented in person by scheduling an appointment. ***Walk-ins are not accepted.*** However, a certificate can be dropped off for endorsement without an appointment.

Certificates are generally processed and returned the day they're received as long as there's no missing or incorrect information.

Essential documentation to include with your submission:

- Rabies vaccination certificate for any rabies vaccination documented on the health certificate.
- Test results for other laboratory tests, when required (e.g. rabies titer test).
- Import permit (if required).
- Payment (see Endorsement Fee section).
- **PRE-PAID** return label (see Instructions for submitting by FedEx, UPS, or USPS).
- Pet Export Checklist (see last page of this document).

Endorsement Fee:

- If no required laboratory test results to review: \$38.00 per certificate.
- If 1 - 2 required laboratory tests results to review: \$121.00 for the first animal and \$7.00 for each additional animal ***on the SAME certificate.***
- If 3 - 6 required laboratory tests results to review: \$150.00 for the first animal and \$12.00 for each additional animal ***on the SAME certificate.***

Acceptable payment methods: Check or money order made payable to the USDA, or credit card.

*We do not charge an endorsement fee for service animals as defined by the Americans with Disabilities Act, or for active military working dogs. **We do not accept cash.***

Instructions for submitting by FedEx, UPS, or USPS:

- We recommend using overnight express service to minimize delays in submitting your health certificate for endorsement and for receiving it back after endorsement. In order for the health certificate to be returned by overnight delivery, **you must provide a PRE-PAID return label with your submission. The label must be purchased and paid for (meaning charges are incurred at purchase, not at time of pickup).** We do not accept shipping labels with credit cards on them; if you need to pay by credit card, you must have the service provider charge your card before generating the label.
- FedEx, UPS and USPS overnight express service packages are picked up from our offices every weekday evening.
 - **We do not have ground service pick up at our offices.**
- We recommend using a service provider that uses a tracking number to allow the package's progress to be tracked to and from the endorsing office, and to decrease the chance of the package being lost in transit. **It is your responsibility to keep a record of the tracking number.**
- **IF YOU USE FEDEX:** the USDA office's address should not appear anywhere on your return label. **Your name and address should appear in both the sender and recipient's block of the return label.**
- If a return label is not included, then we will return your package using USPS First Class Mail if we are unable to reach you to arrange for another method of return delivery.
